AS 163

Claims 1-2 and 14-20 and 22-28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hauske et al (U.S. Patent No. 4,512,982) in view of Yang (U.S. Patent No. 5,441,939) for the reasons set forth in the Office Action of June 13, 2000.

Applicant's arguments filed December 11, 2000 have been fully considered but they are not persuasive.

The compounds disclosed by Yang are closely analogous erythromycin derivatives having antibacterial activity. A person having ordinary skill in the art at the time the instant invention was made would have expected that by modifying erythromycin derivatives disclosed by Hauske et al at the 4"-position in accordance with the teaching by Yang would result in compounds having antibacterial activity. Note that Yang teaches an alkyl or alkenyl substituent at the 4"-position.

Applicant's argument that Yang et al does not teach a methylene linker at the 4"-position has been found persuasive with respect to claims 3-13 and 21 which are limited to compounds encompassing such a linker.

Claims 3-13 and 21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Any inquiry concerning this communication or earlier communications from the **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO**

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
